

Disha Exim

Exclusive Herbs Catalog 2024. Handpicked selections of the finest Indian dehydrated leaves, processed for global perfection.

Dehydrated Herbs & Leaves

Kasuri Methi (Dried Fenugreek Leaves)

Carefully shade-dried to retain maximum essential oils. Imparts a robust, earthy flavor essential for authentic Indian curries. Available in various leaf sizes to suit both retail packaging and culinary applications.

Curry Leaves

Sourced from optimal climates in Southern India. Vacuum packed immediately after dehydration to lock in the distinctive citrus-like aroma and flavor. Critical for authentic South Asian profiles.

Mint Leaves (Pudina)

Refreshing and cool flavor profile. Processed using advanced technology to ensure no loss of flavor during dehydration. Perfect for blends, teas, and specialized seasoning mixes.

Coriander Leaves (Cilantro)

Retains the bright green color and fresh flavor of raw cilantro. Ideal for seasoning,
